

PROCEEDING

IC-AJCC
2023

International Conference
on ASEAN-JAPAN
Cybersecurity Community

5-6 OCTOBER 2023
MEIJI KINENKAN - TOKYO - JAPAN

TABLE OF CONTENTS

Empowering a Secure Digital Future

Md Azad Zaki Haji Mohd Tahir (President of Brunei Cyber Security Association - BCSA)

01

Cybersecurity Community & National Security

Dr. Prinya Hom-aneek (Special Advisor of Thailand Information Security Association – TISA)

11

Improving Cybersecurity Capacity Through Cyber Community

Phannarith OU (Chairman of ISAC Cambodia)

02

Keidanren's Approach to Cybersecurity - From the Industry Perspective

Akihiro Wada (Keidanren/Japan Business Federation)

12

idNSA and The Collaboration Mindset

Dr. Rudi Lumanto (Founder and Advisor of Indonesia Network Security Association – idNSA)

03

Cyber Security Community Program in Increasing Cyber Security Awareness

Angel S. Averia, Jr. (President of Philippine Computer Emergency Response Team – PHCERT)

13

Collaboration of Cyber-Safe /Security ASEAN - Japan Community

Prof. Hiroshi Esaki (Chairman of Japan Network Security Association – JNSA)

04

CHALLENGES OF RISK MANAGEMENT AND GOVERNANCE IN THE CURRENT CYBERSECURITY LANDSCAPE: Operational Best Practices

DATO' TS. DR. HAJI AMIRUDIN ABDUL WAHAB FASC, (Chief Executive Officer of CyberSecurity Malaysia - CSM)

14

Introducing rawSEC

Tahrizi Thareb (Co-Founder of Malaysia CyberSecurity Community – rawSEC)

05

Standardization in Cybersecurity

Dr. Koji Nakao (Distinguished Researcher of National Institute of Information and Communications Technology – NICT)

15

Introducing Philippine Computer Emergency Response Team (PHCERT/CC)

ANGEL S. AVERIA, JR. (President of Philippine Computer Emergency Response Team – PHCERT)

06

Challenges in building ASEAN Cyber Resilience

Tony Low (Vice President of Association of Information Security Professionals – AiSP)

16

Collaboration for a Cyber-Safe ASEAN – Japan Community

Johanny Kho (President of Association of Information Security Professionals – AiSP)

07

The Current State of the Cybersecurity Market in Japan ~and related activities for it's growth~

Itsuro Nishimoto (President of LAC Co., Ltd)

17

Introducing Thailand Information Security Association

Dr. Prinya Hom-aneek (Founder & Special Advisor of Thailand Information Security Association – TISA)

08

Cybersecurity Preparedness in Critical Infrastructures (CIs)

Prof. Kenji Watanabe (Head of Disaster & Safety Management Div, Nagoya Institute of Tech)

18

Introduction to VNISA and Our Corporation Suggestions on Cyber Security

Nguyen Thanh Hung (Chairman of Vietnam Information Security Association – VNISA)

09

Trust Design for Distributed Energy Resource Aggregation System on Cyber and Physical Security Framework

Dr. Masaki Umeshima (IC System Committee Smart Energy (IEC SyC SE) Project Leader/Associate Professor, Keio University), Dr. Selvakumar Manickam (Senior Lecturer, National Advanced IPv6 Centre of Excellence (Nav6))

19

The Role of Cybersecurity Community in Supporting National Cyber Space Protection

Dr. Rudi Lumanto (Founder and Advisor of Indonesia Network Security Association – idNSA)

10

State of the Art of Secure Internet of Things (S-IoT): The Development of New Cryptographic Key Updating Schemes to Improve the Security of Long -Range Wide Area Network (LoRaWAN) Protocol

Dr.-Ing. Kalamullah Ramli (Founder of Id-CARE, University of Indonesia)

20

TABLE OF CONTENTS

Overview of Cybersecurity Research in NICT

Dr. Daisuke Inoue (Director General of Cybersecurity Research Institute of National Institute of Information and Communications Technology - NICT)

21

Introducing Future

Yujiro Hayashi (Senior Architect, Group Director / Vuls Director, Cyber Security Innovation Group, Future Inc.)

28

IoT Cybersecurity Now and Future

Dr. Katsunari Yoshioka (Professor at the Graduate School of Environment and Information Sciences / the Institute of Advanced Sciences, Yokohama National University)

22

Introduction of NTT TechnoCross (NTT-TX) and iDoperation Series

Makiko Inoue (Deputy Sales Manager, Global Sales, Digital Transformation Business Department, NTT TechnoCross Corporation)

29

Developing Cybersecurity Human Resource ~My experience from CS projects~

Hiroyuki Ide (Senior Advisor (ICT), Japan International Cooperation Agency)

23

Cybersecurity Operations Solutions for SMEs

Chaiyanath Chamoraman (Managing Director of E-Cop (Thailand) Co., Ltd)

30

Developing Cybersecurity Human Resource

Professor Toshihiro Hirayama (i University Vice Dean, Professor, JNSA Secretary, Director of Education Committee - JNSA)

24

VNCS Global COMPANY INTRODUCTION

Naoki Kaneda (Japanese Business Development Manager, VNCS Global)

31

Role of Academe in Cybersecurity Human Resource

Dr. Marlon I. Tayag, CEH (P), eJPT, MCP, DIT (Head of the Regional Chapter of Philippine Institute of Cyber Security Professionals - PICSPPro)

25

CYBERSECURITY IN FINANCIAL INSTITUTIONS, A Philippine Perspective (focus on FinTech)

Samuel Ramon V. Jacoba (Vice President of Philippine Computer Emergency Response Team (PHCERT))

32

The Role of Internally Developed Open Tools as a Core Technology for an MSSP

Dr. Toto Atmojo (Founder & Chief Executive Officer of Defenxor)

26

Cybersecurity in Financial Institutions

Alex Loh (Chairman of CS Chapter, The National Tech Association of Malaysia - PIKOM)

33

More Efficient and Safer Security Measures, GMO Cyber Security, Cyber Attack Net Assessment

Fumikazu Okuno (Executive Officer, Public Sector, GMO Cybersecurity by Ierae, Inc.)

27

Current Challenges in Cybersecurity Incident Response

ANGEL S. AVERIA, JR. (President of Philippine Computer Emergency Response Team - PHCERT)

34
